Policies Effective January 1, 2012

Plants can be picked up at the nursery anytime between 8 am and 3 pm at the nursery site. Appointments are appreciated, but not necessary. Full payment is required at time of pick-up.

We ship plug trays and 1.5 quart pots by USPS priority mail on Mondays. We ask that orders of plug trays, to be shipped, are placed in multiples of four. Plants are shipped out weekly. You should expect to receive your plants by Wednesday or Thursday the week of shipment. Please give us at least one week advance notice to get your order together if it is being shipped.

There is a \$10 handling fee per box. Shipping is charged based on USPS fees and added at time of shipment. Buyer is responsible for shipping expenses.

There is a 25% non-refundable deposit for reserve orders. Unless other arrangements are made, plants must be picked-up within 30 days after your deposit is received, or additional holding fees will be applied.

Plants are guaranteed to be alive and healthy when shipped. Since we have no control of their care and planting after that, we make no further warranties.

***If you would like to receive further availability list via e-mail please contact us at plants@energyxchange.org**
